Because of the increased enrollment this year we have changed the content slightly to cover more subjects and included more students in the yearbook. This year's annual has 180 pages of which four are an extensive index of students, faculty, administration, and organizations.

I sincerely hope that you will enjoy "PIONEER" 1965 as much as I have directing its publication. I hope you will find time in the years to browse through your 1964-65 college year. If you do find time, my staff and I will have accomplished our purpose.
